

The National Biodiesel PAC (NBPAC) is a political action committee organized to support candidates around the country who share the ideals of creating a sustainable biodiesel industry. NBPAC will work to ensure that legislation passed in Congress continues to advance the interests of its members by creating industry growth. It serves as a central coordination entity and voice for political action for the industry. NBPACs membership will be comprised of state, national, and international feedstock and feedstock processor organizations, biodiesel suppliers, fuel marketers and distributors and technology providers.

Thank you for your willingness to make a contribution to NBPAC. We are required to report certain information to the Federal Election Commission and so request that you complete the information below. If you have any questions, please do not hesitate to contact Donnell Rehagen at 573-635-3893.

**NBPAC** accepts federal contributions from individuals, partnerships and other federal committees (committees registered with Federal Election Commission, such as political action committees) of up to \$5,000 per calendar year.

Federal law requires our best efforts to provide name, mailing address, employer and occupation of individuals who contribute over \$200 in an election cycle. Contributions are not deductible for federal income tax purposes. Corporate contributions are prohibited.
